Opis produktu

BIELENDAC C Cream toning for face 50ml BIELENDAC C Cream toning for face 50ml is a revolutionary product, which combines in itself properties of primer and skin care cream. It is a perfect solution for every skin type, especially those prone to redness of various origin. Enriched with active ingredients, such as hyaluronic acid, retinol, vitamin E and rutin, this cream not only evens out the skin color, but also corrects imperfections, subtly brightens and moisturizes the skin. Its action does not end here - it additionally prolongs the durability of makeup, so that your appearance remains for a longer time. The extraordinary elasticity of this product is due to its universal color, which perfectly adapts to every shade and skin structure. Thanks to this, you can be sure, that the brightened and evened skin will look beautifully without regard to individual skin features. BIELENDAC C Cream toning for face is available in 50ml capacity, packaged in a convenient package. The manufacturer code is BP836. Add to the basket this exceptional cream and enjoy smooth, radiant skin every day. This is a perfect product for daily skin care and correction of imperfections. Complete your home skin care with this cream, which will help you achieve ideal appearance.
