Opis produktu

Now available - NEONAIL Hybrydowy Nail Polish in Lotus Flower! This 7.2ml pastel rose shade is a timeless classic with a touch of warm peachy hue. Elevate your nail art with the beautiful Lotus Flower color. Application is a breeze - gently buff your nails, apply a thin layer of HARD BASE, and cure it under an LED lamp as per the provided table. Follow with a coat of your chosen hybrydowy nail polish color and cure it in a lamp (the darker the color, the longer the curing time). Repeat this step for a second coat and cure it. For an ultra-glossy finish, add a layer of HARD TOP or DRY TOP and cure it under the lamp. If you need to remove the polish-gel, simply buff the shiny layer, apply acetone on Foil Nail Wraps (or use lint-free wipes and cover the nails with aluminum foil), and leave it on for approximately 10 minutes. Remove any remaining polish-gel with a wooden stick or a metal cuticle pusher. Please note that this product is meant for professional use only. Read the instructions carefully, avoid contact with the skin and eyes, and discontinue use if irritation occurs. Keep out of reach of children. Manufacturer's code: AC136128.
